EXPERIENCE

Al-Khidmat Foundation, Karachi — Web Design(Intern)

June 2022 - PRESENT

Developing a custom website for Alkhidmat Skills Development initiative. Using HTML CSS and Javascript to create a full stack website.

Mindstorm Studios, Hybrid — Game Dev (Apprentice)

July 2022 - PRESENT

Learning 'Game Development' for the entire duration of this Online Apprenticeship. Hands on knowledge about the ins and outs of game designing. Working on technologies such as Unity and Python.

The Sparks Foundation, Remote — Intern

June 2022-July 2022

Data Analysis Internship where you get to learn the basic Data Science by working on real life datasets. I'm using Python as the primary Programming Language for the duration of this Internship.

SOCIETIES & CLUBS

Leadership Club, IBA

- Member of the final Core Team for IBLC where my job was mainly based on managing guests and activity set up.
- Conducted 20+ campus drives and managed to get around 40-50 sign-ups.
- Sponsor Management (Optp and DayFresh).

Community Welfare Society, IBA

- Was part of both 'Marketing' and 'Operations' departments.
- Designed a smart marketing strategy for the 'Fundraiser' concert which ended up being sold out.
- Designed posters and drafted captions for the social media pages of cws.
- Participated in its 'Education' Project and donation drives.

Google Developer Student Clubs, IBA

- Organizing Committee Member.
- Was part of the management team for 'Hackfest' where I worked in Guest Relations and event management simultaneously. Prior to the event I supervised the vendors in putting up stalls.

Human Resource Club, IBA

Convocation 2020, IBA Management Team

Sports Society, IBA Management Team
